OVERVIEW

Avicenna Medical & Dental College (AMDC) is a leading, category 'A' Medical & Dental college recognised by the Pakistan Medical & Dental Council (PM&DC) and Pakistan Medical Commission (PMC). Avicenna Medical College has two teaching hospitals (530 bedded Avicenna Hospital and 120 bedded Aadil Hospital) and Avicenna Dental College has a Dental Hospital affiliated with it on campus. An inspiring teaching faculty, stunning campus & state of the art facilities are just a few reasons to choose Avicenna for medical study.

'A' class Medical & Dental College in its own right is one of the best teaching institutes imparting Medical & Dental education in Lahore in fact, by virtue of which we have been included in the International Directory of Medical Colleges by FAIMER (Foundation for Advancement in Medical Education and Research). This reflects our commitment to attract some of the brightest minds to study, teach and undertake research.

Owing to its high standards in healthcare and Medical & Dental education, Avicenna Medical & Dental College secured A Category as inspected in 2019 as per PMC Inspection Criteria based on WFME Standards. You will be taught by academics who are genuine leaders in their field. Our academics embrace innovative teaching methods and techniques which help the students to decipher even the most complicated concept in a rational manner. We have one of the most advanced Skills Lab which enables the students to practice surgical techniques and procedures that enable them to gain confidence in their clinical skills and prepare them for practice based learning. We offer adequate hostel facilities on campus. While being just minutes away from the main city. (We are only 3 Kms from Lahore Ring Road -L20 and are located within Phase IX of Defence Housing Authority, Lahore).

WHY CHOOSE AVICENNA?

WHAT WE OFFER

AVICENNA MEDICAL COLLEGE

LICENSED BY

Pakistan Medical Commission as A Category College

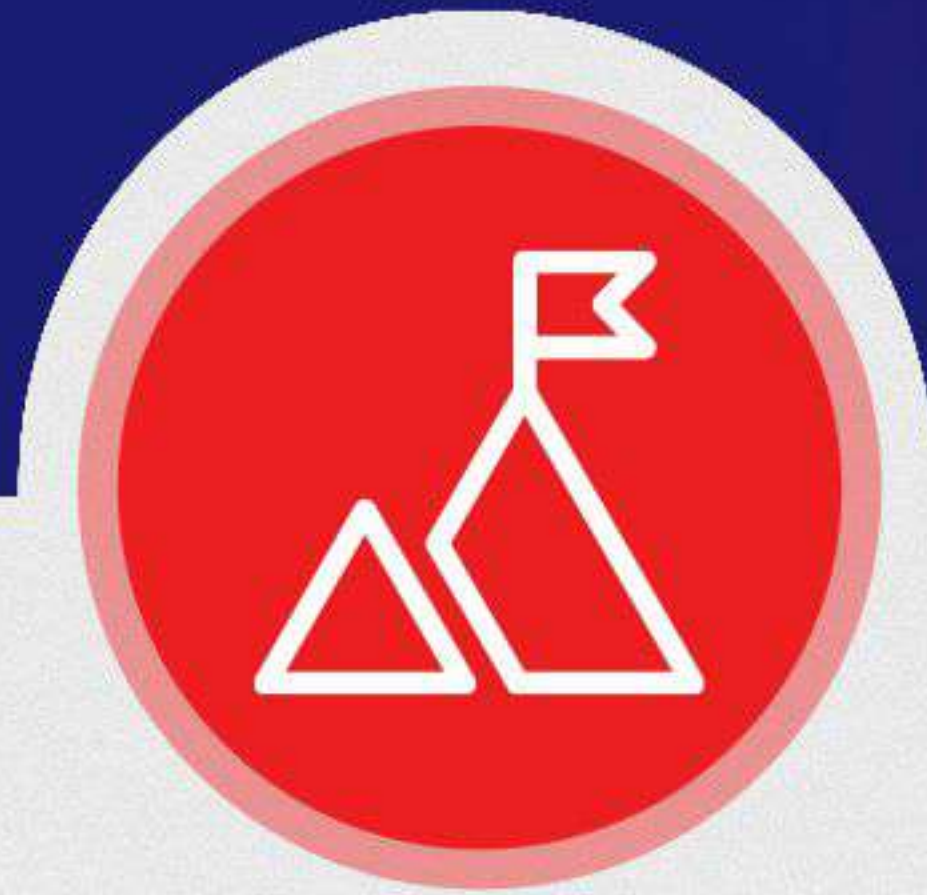

AFFILIATED WITH

University of Health Sciences

RECOGNIZED BY

- Ministry of National Health Services and Regulation and Coordination (NHSR&C)
- Foundation for Advancement of International Medical Education and Research (FAIMER)
- World Federation of Medical Education (WFME)

MISSION AND VISION OF UNIVERSITY OF HEALTH SCIENCES

VISION

UHS is a leading University aiming to keep its graduates apt with the ever emerging global health challenges, evolving educational methodologies and emerging technological advancements to maintain its distinguishable position as a Medical University.

MISSION

UHS shall continue to strive for producing a human resource par at excellence to cater for the health needs of the people of Punjab and Pakistan

MISSION AND VISION OF AVICENNA MEDICAL COLLEGE

VISION

The vision of Avicenna Medical & Dental College is to become a college that thrives to achieve improvement in healthcare of masses through creative delivery of educational programs, innovative research, commitment to public service and community engagement in a environment that supports diversity, inclusion, creative thinking, social accountability, life-long learning and respect for all.

MISSION

The mission of Avicenna Medical and Dental College is to educate and produce competent, research oriented healthcare professionals with professional commitment and passion for life-long learning from a group of motivated students through quality education, research and service delivery for the improvement of health status of the general population.

AVICENNA MEDICAL COLLEGE

OUTCOME STATEMENTS

The outcome statements of Avicenna Medical College affirms the expected performances of the graduates at the end of the MBBS program. The students will be able to:

- The newly qualified doctors must make the care of patients their first concern, applying their knowledge and skills in a competent, ethical and professional manner and taking responsibility for their own actions in complex and uncertain situations.
- Demonstrate a thorough consultation of a patient
- Diagnose and manage common, non-critical conditions independently
- Assist in the management of critically ill patients
- Demonstrate clear and efficient written and verbal communication abilities
- Demonstrate professional, ethical and culturally-appropriate behavior
- Advocate health promotion and disease prevention
- Work effectively as a healthcare team member in the Healthcare System of Pakistan
- Demonstrate capabilities of critical thinking, reflection, research and teamwork
- Demonstrate ability for personal and professional development with commitment for life-long learning

MESSAGE FROM THE CHAIRMAN

Abdul Waheed Trust

Avicenna Medical & Dental College is a project of Abdul Waheed Trust which is a Non-profitable, Non-governmental, Non political & Social organization, working for the welfare of Humanity and based on Community empowerment. Avicenna Medical College has its own 530 bedded Avicenna teaching Hospital (Not for Profit hospital) within the College Campus & 120 bedded Aadil Hospital, at 15 minutes distance. Separate comfortable hostels for boys & girls are provided on the campus.

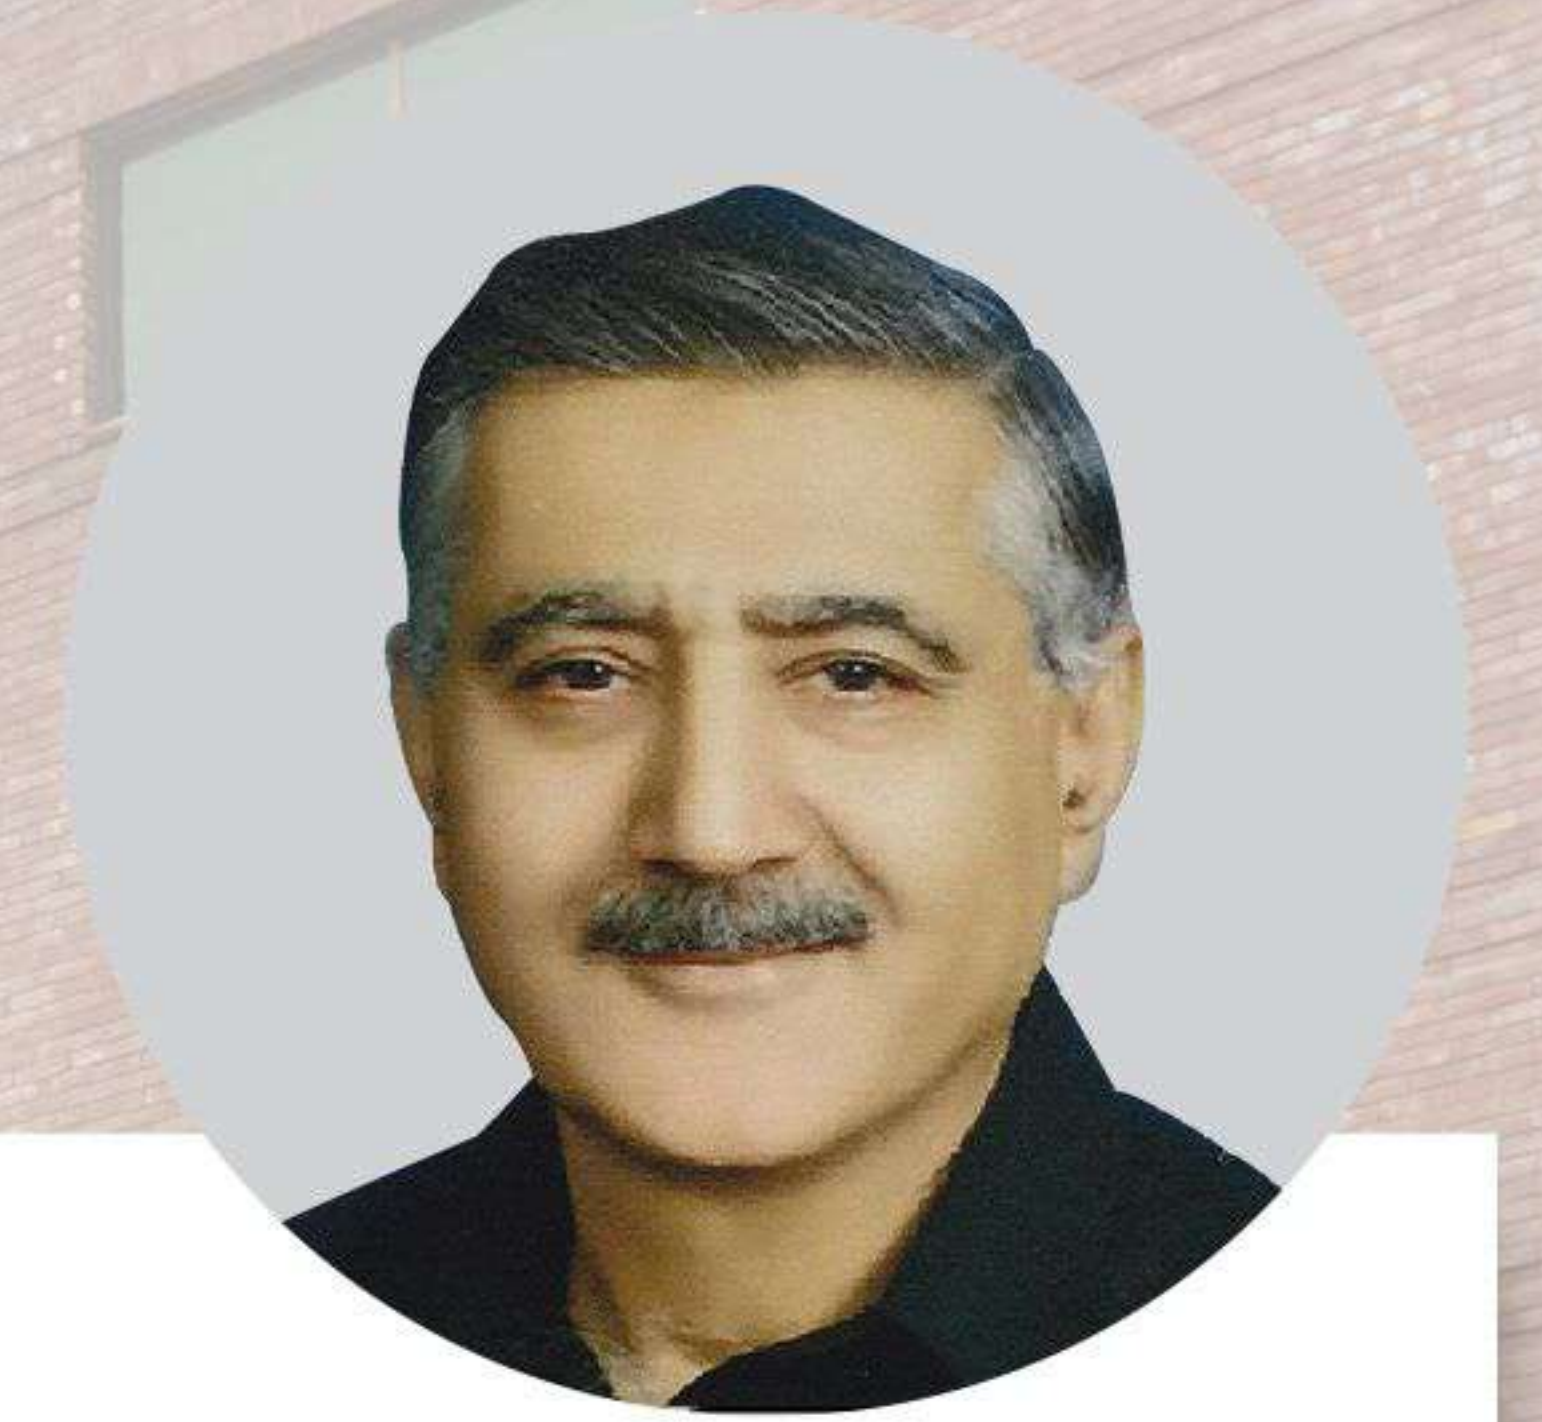

Our students benefit from state of the art college libraries with internet facilities & online journal access round the clock. I am particularly pleased with the hard work by the faculty and students in the achievement of a historic 100% result for all the classes, it is a rare achievement and speaks of dedication of the Faculty and Staff. Our motto is “Goodness Prevails” and we aim at producing Doctors who are knowledgeable, competent in clinical skills and ethical values. Avicenna Medical College & Hospital was founded to provide quality health care services to the deserving patients belonging to the rural areas near Avicenna Hospital as well as to provide quality medical education of international standard to our students. We have already established two Satellite Clinics in the periphery which are providing outdoor care while admission cases are brought to the Hospital in Hospital transport.

Following the success of our reputable Medical College and Hospital, we were able to successfully establish Avicenna Dental College which is recognised by the Pakistan Medical & Dental Council, Pakistan Medical Commission and University of Health Sciences. To date, we have successfully enrolled three batches in our Dental College and we aim to achieve the same level of success for our dental students as our Medical students.

ABDUL WAHEED SHEIKH
MSC STRATEGIC PLANNING

MESSAGE FROM THE CHAIRMAN

Board of Governors

I must congratulate the Chairman of the Abdul Waheed Trust for the wonderful care he is giving to the students and patients. The attention to their growth, welfare and care is appreciated. Today even the most developed states are finding it very hard to meet the health care responsibilities of their population. Many of these countries have initiated very fundamental legislation and reforms to address the complex and costly issue of health services and yet no easy solutions are in sight. The situation in the developing and underdeveloped countries is even more alarming. These countries lack resources and are also threatened by lethal diseases. Pakistan is no exception and it should not surprise us to realize the people of Pakistan are vulnerable to a host of communicable and chronic ailments and that our resources are woefully insufficient. Thankfully, the government is alive to the issue and though sincere efforts are at hand, the dire situation requires the creative and compassionate participation of the private sector both on the hospital and the teaching side. However, the private sector should not be solely driven by the profit motive but should also consider the needs of the common man who is financially very distressed.

It gives me great pleasure to compliment Abdul Waheed Trust for setting up Avicenna Medical & Dental College in the private sector and earning a great name and fame in a short time period. The College complex and the equipment is state of the art, the faculty is highly qualified and the College enjoys an on-site hospital facility which is offering health care services to the population at minimal costs.

Well done Avicenna, keep it up!

LT. GEN. (RETD) RIZWAN A QURESHI

MESSAGE FROM THE CO-CHAIRPERSON

Operations & Principal (AMC)

AVICENNA MEDICAL COLLEGE

As a Co-Founder and Co-Chairperson, I have been involved in planning, construction and accreditation of Avicenna Medical College by the Pakistan Medical and Dental Council (PM&DC) and its affiliation with the esteemed University of Health Sciences (UHS). It is a pleasure to see Avicenna Medical College develop, progress and achieve maximum academic excellence in a short period since its inception in 2009. The institution has lived up to its mission of training and producing medical graduates of international standards. Seven batches of Avicenna Medical College have passed out as Doctors, who currently are serving in the country and abroad while several have opted for post-graduation and are on road to progress. We have achieved several milestones since 2009 including the recognition of our College for FCPS training by College of Physicians and Surgeons of Pakistan (CPSP), establishment of College of Nursing and Avicenna Dental College. We look forward for continuous development and advancement of our institution in terms of new programmes, new methodologies of teaching and learning and innovation in health care strategies for our teaching hospitals.

I look forward to welcoming you on board to Avicenna Medical & Dental College.

PROF. DR. GULFREEN WAHEED

MBBS, FCPS, MHPE

Principal & Director DME

Avicenna Medical College & Hospital

MESSAGE FROM THE CO-CHAIRPERSON

Admin, Legal & Finance

It is my great privilege to write this foreword for the prospectus of Avicenna Medical & Dental College for the year 2022/2023 academic year. This prospectus is intended to help you understand why our college is a leader in the field of Medicine, Dental, Nursing, Allied Health Sciences and why our graduates are the most sought after in the entire country. Your professional experience will constitute many important decisions that will have a profound impact upon your entire life. Choosing a college/university for higher education is the first and the most important of these decisions; the direction of your life stems largely from where you studied and what you studied. I believe that your decision should not only be academic in merit, but should also involve choosing an institute that can polish your personality, inculcate in you discipline and ethics, and enable you to become more compassionate and contributing citizens of tomorrow. We believe in providing you with a well-rounded education, pushing you to not only test your academic limit but encouraging you to gain exposure through involvement in extracurricular activities and exertions.

I await with pleasure to receive and assist you all on your journey to becoming Medical and Dental Professionals.

DR. SHANDANA SHEIKH
PHD (CARDIFF UNIVERSITY, UK)

MESSAGE FROM THE CO-CHAIRPERSON

Development & Coordination

The administrative and professional team at Avicenna Medical & Dental College works to standards of perfection. The aim is not just to impact medical & dental education but more importantly to instil in the students a sense of responsibility, industry and discipline-the key ingredients that will equip Pakistan's future with the best medical professionals. As a professional with considerable experience in teaching and mentoring students in the Higher Education Sector, I am confident of the value of choosing Avicenna Medical & Dental College for medical & dental education experience which goes beyond mere knowledge acquisition.

We look forward to making you a part of the Avicenna Family.

DR. FAZILDA NABEEL
PHD (SUSSEX UNIVERSITY, UK)

MESSAGE FROM THE DIRECTOR HOSPITAL SERVICES

Avicenna Hospital & Aadil Hospital

Avicenna Medical & Dental College is backed by two teaching Hospitals i.e. Avicenna Hospital (on campus) and Aadil Hospital in DHA Lahore. The founding team for teaching hospitals are known for provision of healthcare services since 1987. The management team has invested heavily in resource training in order to deliver quality health services to the general public. It offers a blend of subsidized health services and charity medical and surgical facilities through its teaching hospitals. Over the years our nurses have professionally grown and attained leading roles in top hospitals of Pakistan and abroad. Our Medical Officers and specialists who were once part of our team have excelled in their respective careers. The secret for success for any upcoming health professional is to put the patient's interest before his own. The teaching hospitals provide a conducive environment and continues to sow the seeds of hard work, professionalism and ethical practice. We are proud of our students and professionals who are highly placed internationally. At Avicenna we groom our students to work hard, respect humanity and excel in their professional career. Our students have shown outstanding results both individually and as a class over the years. Parents feel safe and have complete confidence in our team and credibility of the institution. Through our pursuit of excellence to comply with health industry and regulatory standards, we are proud to announce that both teaching hospitals hold the following Accreditations: Recognized by Pakistan Medical Commission (PMC) as Teaching Hospitals Affiliated with the University of Health Sciences (UHS) as a Teaching Hospitals Notified as Teaching Hospitals by the Ministry of Health Pakistan + Licensed by Punjab Healthcare Commission, Certified by TUV Austria for ISO 9001:2015 Quality Management System Licensed by Punjab Blood Transfusion Authority and DRAP.

DR. FAHDEL SHEIKH

1ST PAKISTANI TO RECEIVE PRESIDENTIAL AWARD FOR
QUALITY HEALTH SERVICES & PHILANTHROPY 2016
HONORARY CONSUL THE REPUBLIC OF THE PHILIPPINES (PUNJAB)

AVICENNA MEDICAL COLLEGE

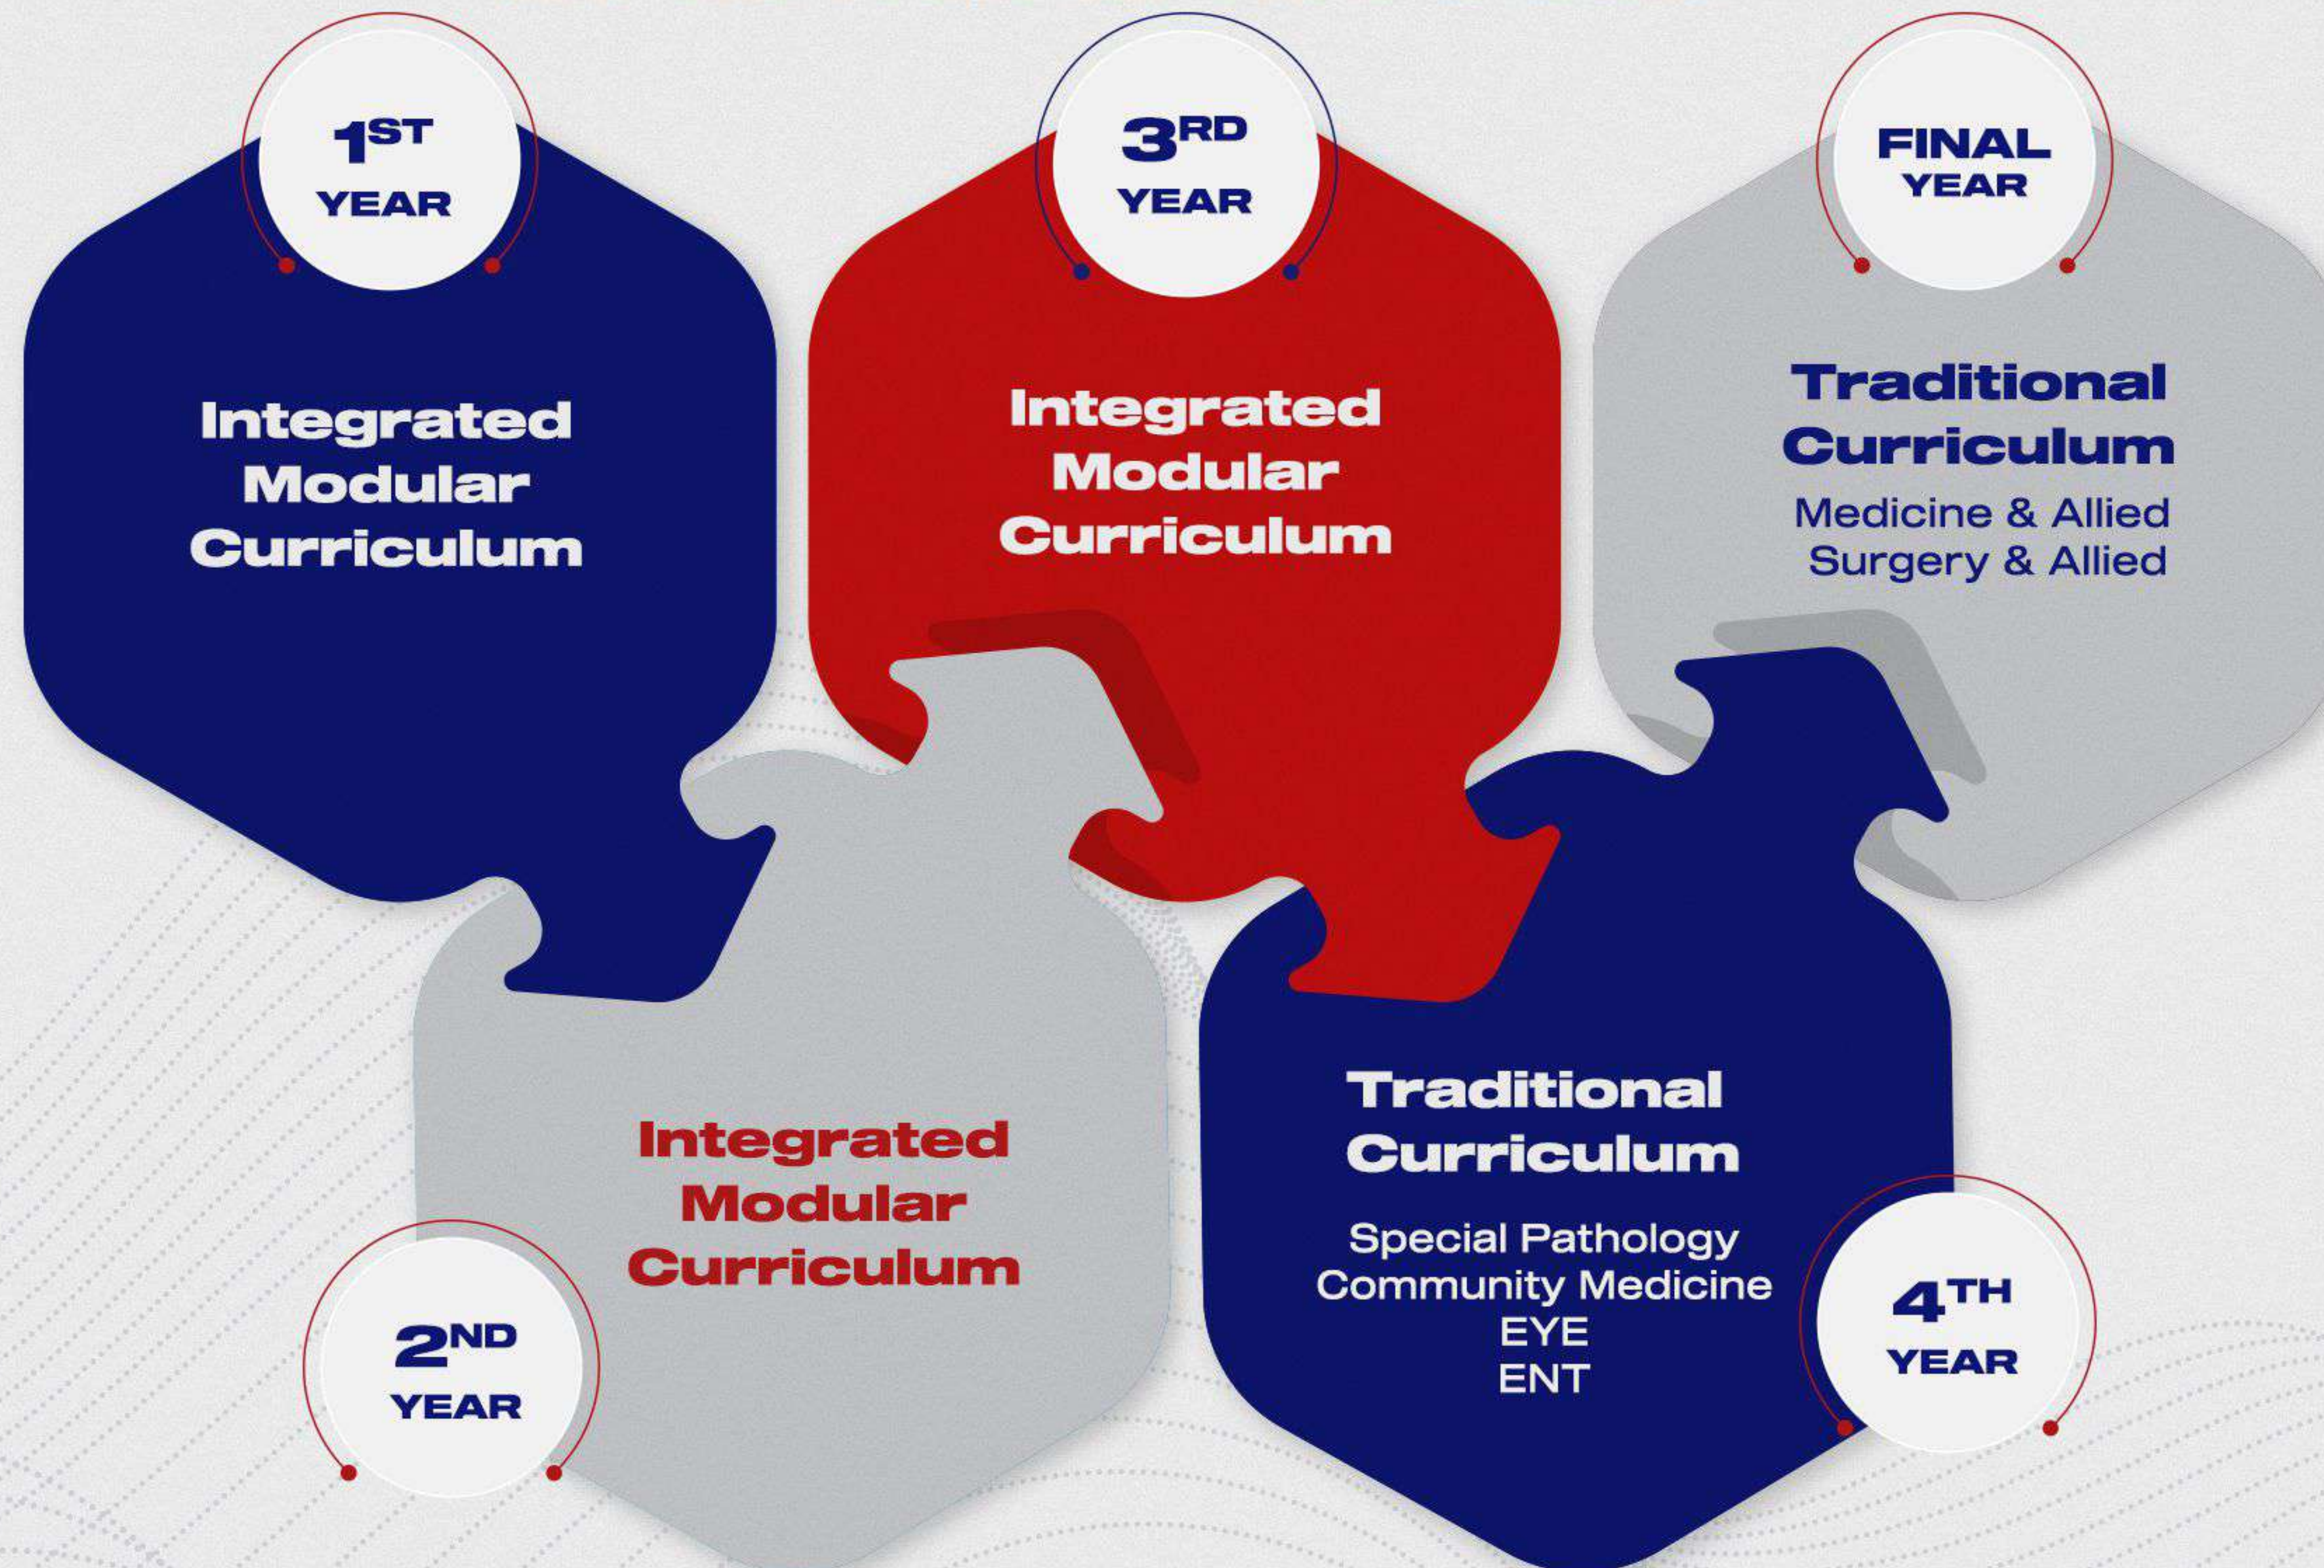

OVERVIEW

Avicenna Medical College has passed 11 batches of MBBS which translates into 1200 medical professionals. Our graduates get an edge not only in academics wherein they receive world-class education which enables them to but also in being part of our Avicenna family network wherein we assist them in finding placements post MBBS and also help them in their professional development as a doctor.

A WALK THROUGH OUR MBBS PROGRAM

MBBS is a 5+ 1 program wherein the first 5 years offers a blend of theoretical and clinical knowledge while the last year is a foundation year which provides an opportunity to the students to effectively and efficiently apply their knowledge and start their medical career under the supervision of senior consultants.

“

At Aricenna, we grow as doctors and as individuals, with every day bringing knowledge, friendships, and experiences to cherish, with expert faculty, real-world training at the teaching hospital, comfortable hostel life, and memorable trips that make the journey as enriching as the destination

”

HOUSE JOB

Students are required to complete 1st year of house job at a recognized teaching hospital to acquire the pre-requisite clinical skills for them to become practitioners in the field of medicine.

Students shall be required to complete a 3 months rotation in each of the four main specialities of medicine including Surgery, Medicine, Gynaecology and Paediatrics. Within this, they may choose their sub-specialities.

Graduates of Avicenna Medical College have the opportunity to complete their foundation year at Avicenna Hospital and / or Aadil Hospital, both of which are recognized by Pakistan Medical and Dental Council (PMDC), Pakistan Medical Commission (PMC) and Punjab Healthcare Commission (PHC) as teaching hospitals.

“

Studying here feels like being part of a family that pushes you to be your best. From well-equipped labs to engaging lectures, every aspect of Avicenna motivates me to aim higher.

”

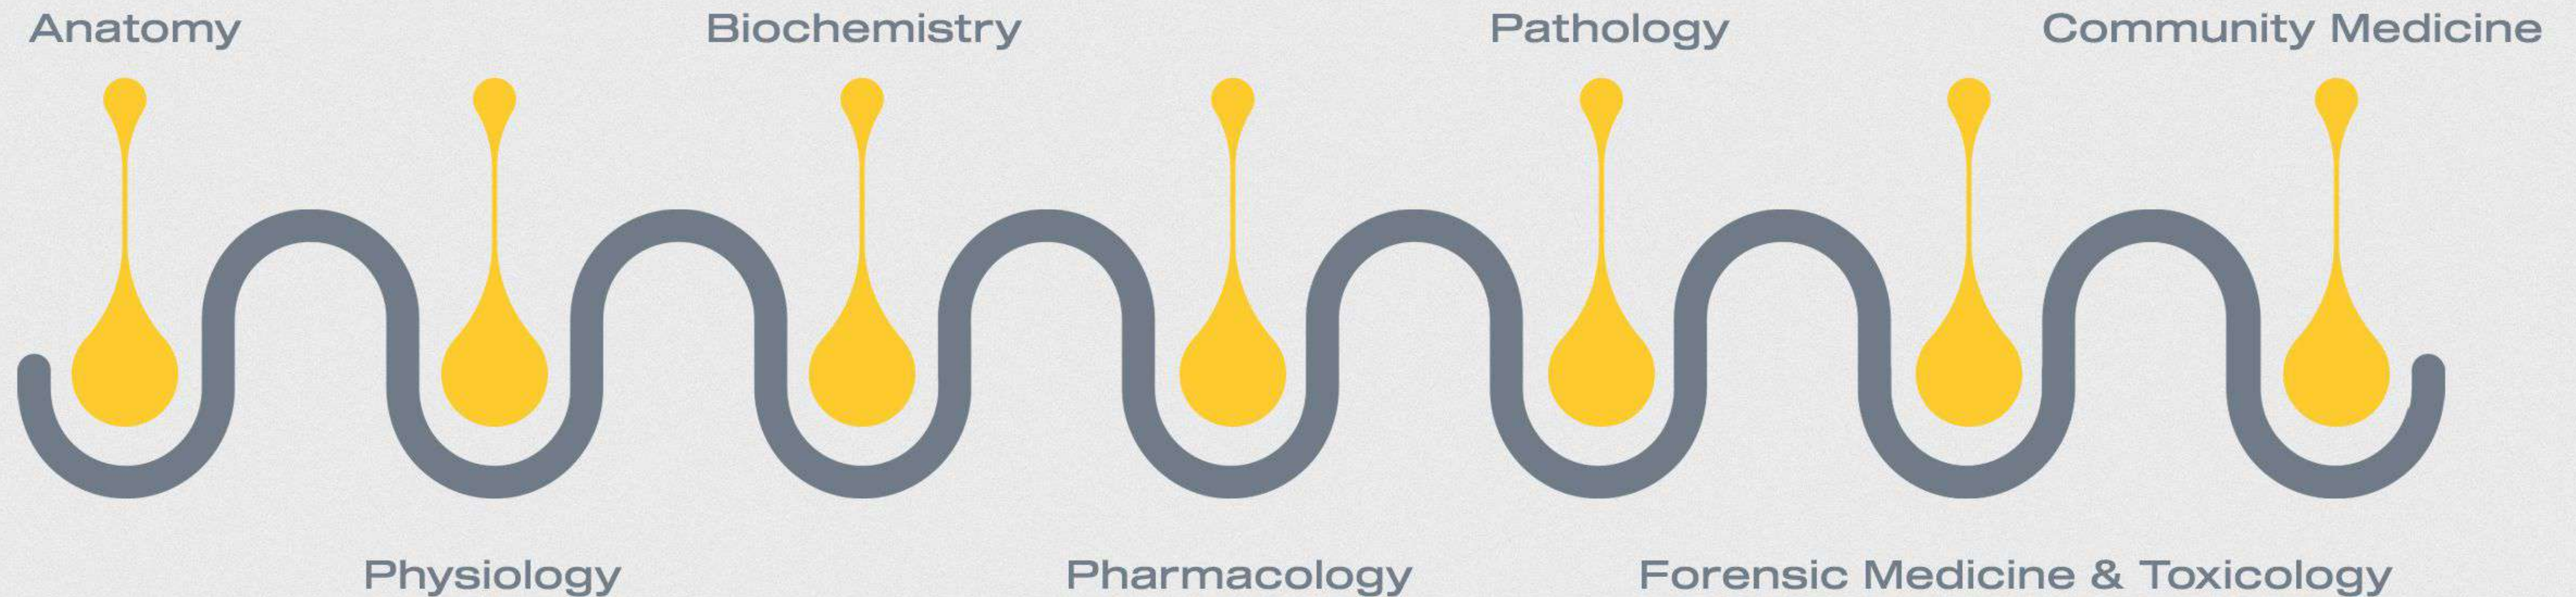

AVICENNA MEDICAL COLLEGE

BASIC MEDICAL SCIENCES

DEPARTMENT OF BASIC SCIENCES

The College provides 7 Basic Science departments with state-of-the-art infrastructure and qualified faculty with the right commitment to quality. The Labs of Basic as well as Clinical science departments are purpose built. Most of the faculty offices are adjacent to the labs to facilitate activities and research.

DEPARTMENT OF ANATOMY

The Anatomy curriculum has a balanced approach with a combination of dedicated lectures, dissection, and demonstration of cadavers, micro-study of individual organs and teacher-student interactions in the form of seminars and symposia. Lectures are made lively with the use of multimedia devices and students are divided into groups for better understanding and learning. Dissection Hall (2,400 sq ft) with adjoining mortuary for 12 bodies. Additionally, our Bone Bank, Anatomy Museum and separate Histology lab with slide preparation room to facilitate the dissemination of knowledge and enable our students to sharpen their anatomy concepts.

DEPARTMENT OF PHYSIOLOGY

The Department of Physiology entails a huge physiology lab, which has the capacity to seat 60 students, although for effective demonstration and practice, they will be dealt in batches of 33-34 students. The first portion of the lab represents Cell physiology & body fluids portion, equipped with compound binocular microscopes & centrifuge machines. Next portion, representing blood physiology, is provided with Haemocytometers, Sahli's haemoglobinometer, ESR apparatus, teaching and projection microscopes. The lab also provides a distillation plant, hot air oven, physical balance & weighing machines. There are educational charts for theoretic reference. A cardiorespiratory portion is equipped with Spirometers, Stethographs, Peak expiratory flow meters, ECG Machines, sphygmomanometers & ergometers. The lab is also provided with equipment to test special senses like perimeter, vision charts, fundoscope & tuning forks etc. A couch is placed in the lab for the practice of clinical methods.

DEPARTMENT OF PHARMACOLOGY

A good physician has to be a good pharmacologist. Students gain a thorough knowledge of medications, such as various routes of administration, mechanisms of action, pharmacokinetics, adverse drug reactions and dosage schedules. With qualified and experienced faculty guiding them, students can look forward to an interesting learning experience during their Pharmacology lectures and lab sessions. Pharmacology students have fully equipped laboratories that provide the resources for practical training in experimental pharmacology, clinical pharmacology and pharmacy.

DEPARTMENT OF BIOCHEMISTRY

The Biochemistry Department is fully equipped with state-of-the-art facilities including spectrophotometer, colorimeters, photometer analytical, electrophoresis, pH meters, centrifuge machine, electronic balances, microscopes, incubators, water bath, distillation unit, automated pipettes and dispensers. The clinical biochemistry laboratory (clinical lab) at Avicenna Medical College & Avicenna Hospital is also equipped to facilitate the learning of students. It has a clinical chemistry analyzer, hematology analyzer and blood gas analyzer. A maximum of 60 students can occupy the huge biochemistry lab at one time. The highlighted equipment is sufficient for qualitative & quantitative analysis of samples for undergraduates.

DEPARTMENT OF PATHOLOGY

Pathology is a branch of medicine that bridges the clinical and non-clinical subjects. Pathologists are called upon to diagnose and confirm many ailments. The department has 3 labs; a Histopathology and Hematology lab and clinic lab. The Clinical lab works in full coordination with the Avicenna Hospital. The labs are being supervised by professors, experienced in related specialities. The department has a well designed museum displaying neatly mounted specimens and several detailed and highly informative charts/graphs. Highly qualified professors with National and International experience are supervising the pathology labs.

DEPARTMENT OF COMMUNITY MEDICINE

The Department of Community Medicine is equipped with a state-of-the art museum consisting of models, audiovisual aids and educational charts which provide an excellent opportunity to undergraduate as well as postgraduate students for learning. Avicenna Medical College runs a Community outreach program organized by the department of community medicine. This includes regular visits by our Community Health Team to the nearby villages to provide medicines, vaccination and health education and involve active student participation.

DEPARTMENT OF FORENSIC MEDICINE & TOXICOLOGY

Modern medicine has the capability to aid law and justice. During their lectures, students will get an opportunity to apply knowledge of the various sciences to the human body. They will also receive demonstrations from postmortem analysis experts. The importance of DNA analysis and fingerprints is also taught and students have the opportunity to learn the medico-legal significance of firearm injuries, cut throat, rigor mortis, drowning etc. The Faculty members keep themselves updated of latest developments internationally so that our students are equipped with the latest skills and knowledge. Separate Serology Lab exists with a full complement of equipment and staff.

DEPARTMENT OF CLINICAL SCIENCES

The College provides 11 Basic Science departments with state of-the-art infrastructure and qualified faculty with the right commitment to quality. The Labs of Basic as well as Clinical science departments are purpose built. Most of the faculty offices are adjacent to the labs to facilitate activities and research.

DEPARTMENT OF MEDICINE

The Department of Medicine is equipped with diagnostic facilities like ECG, Treadmill, CT Scan, USG, Echocardiography and automated lab support. The Nephrology center has hemodialysis units. Pre and post-op facilities are available for preparation of a patient for kidney transplant. Gastroenterology Center has provision of gastrointestinal endoscopy for investigation of GIT disorders. Special clinics including Diabetes Control Center, Hypertension Control & Ischemic Heart Disease Center, Bronchial Asthma Clinic, Thyroid Clinic & Liver Disease Clinic are part and parcel of the Medicine Department. Pre-clinical students are exposed to these commonly occurring diseases once they have gone through basic sciences.

DEPARTMENT OF SURGERY

The Department of Surgery consists of two surgical units. Each unit has male and female wards with a total of 120 beds. There are 8 state-of-the-art Operation Theatres. They are fully equipped for all types of surgical operations i.e. Laparoscopic Surgery, Vascular Surgery, Thoracic Surgery, Neurosurgery & Urology. The surgical ICU has ventilators and dialysis units. All types of endoscopes are also available including cystoscopes, gastroscopes, and colonoscopies. Additionally, the department also caters for surgical emergencies and elective surgery is being performed by a team of highly professional surgeons.

DEPARTMENT OF OPHTHALMOLOGY

The department is equipped with most modern machinery, separate eye-ward and operation theatre. In the Outdoor Patient department (OPD), refractions are being performed on modern auto refractometers. Eye surgeries are available for Phacoemulsification, Glaucoma, Squint, and Ptosis. Students may also observe Posterior segment surgery and Corneal Transplantation especially Deep Lamellar Keratoplasty for Keratoconus. Our medical students are engaged from the very first year and are taught to perform visual acuity examination, retinoscopy & external eye examination.

DEPARTMENT OF ORTHOPAEDICS

A streamlined teaching program has been designed for the undergraduates who are posted to the Orthopedic Department in rotation. Clinical demonstration classes take place in the outpatient department, and the students are trained through clinical examinations and presentations. Students are encouraged to interact with the faculty members to create an atmosphere of trust. The students are exposed to pre-operative planning where surgical cases are discussed in great detail. The department has a separate ward with necessary auxiliary staff. Moreover, the Operation theater is equipped with state-of-the-art trauma surgery equipment, an image intensifier and basic facilities for joint replacement.

DEPARTMENT OF ENT

The ENT subject is included in the curriculum of fourth year MBBS according to PMOC regulations. At Avicenna medical college the teaching faculty is well qualified, trained to teach, dedicated and gives personal attention to all the students and continuously produces top results in the University of Health Sciences. Our ENT curriculum incorporates well defined learning outcomes to innovative instructional strategies, hands on skills to bedside teaching, round the year exhaustive formative and summative assessments, end of term evaluations leading to planning for next academic year for continuous improvement in the curriculum. All these dimensions contribute to academic excellence in teaching at Avicenna, making it the most sought after academic institution for aspiring youth and their parents.

DEPARTMENT OF PAEDIATRICS

The Paediatrics Department has 40 beds. It also has a Paed's ward, a neonatal ward, a well-baby nursery & Paed's intensive care unit. Over the course period, students will be a part of organized teaching programs that will comprise of lectures, clinical postings, evaluation tests and much more. The Paed's unit has OPD and inpatient department where qualified doctors deal with sick children. The general pediatric ward is involved in treating children affected with acute gastroenteritis and infectious diseases. The department is complemented by a Neonatal Care Unit WW1 that has all the facilities to take care of sick newborn babies. The NICU is equipped with ventilators, incubators, phototherapy units, monitors, oxygen and suction ports. resuscitation kits and emergency drugs, managed by trained nurses. Programs Immunization vaccination are also run by this department.

DEPARTMENT OF OBSTETRICS & GYNAECOLOGY

The Department of Gynae-Obs consists of highly qualified & experienced faculty, trained to manage all sorts of obstetrical emergencies & gynecological diseases. The department consists of comprehensive outpatient facilities to provide women-centered health care. Indoor facilities consist of Antenatal and Postnatal wards, Pre-op/ post op Gynae wards, High-risk pregnancy room and 1st stage of labor ward. Additionally, there are three Labour rooms, two Operation theatres, CTG and an Ultrasound facility. For training of medical students and house officers, we provide teaching aids like mannequins for fire drills and clinical practice facilities as per the protocol guidelines parallel to International standards.

DEPARTMENT OF ANESTHESIOLOGY

The department has pre-anesthesia assessment room, recovery, and waiting rooms, scrub area male & female changing rooms, main OTs, each of which is supported by an anesthesia machine, ventilator, defibrillator, ECG & B.P monitor, oximeter, capnograph / monitor, diathermy, suction apparatus & baby resuscitator. There are separate operating facilities for ophthalmology, orthopedics, general surgery, Obs & Gynae, ENT, neurology & urology. Additionally, interventional pain management facilities are also being provided to patients. OTS & Labour rooms are in the same vicinity for the convenience of patients. Facility for painless delivery is also being provided. Separate CSSD facility exists with OT. Central oxygen, nitrous oxide, and air supply systems are functional in OT. Operation theatre staff consists of OTAS, Sisters & Ayes in addition to surgeons & allied specialists.

DEPARTMENT OF RADIOLOGY

The radiology department has 2 ultrasound machines, including Doppler ultrasound, 3 X-ray machines, including a mobile X-ray machine, CT scanner & MRI machine. Radio imaging and diagnosis generates vital information for the treatment of many diseases, including cancer. The Radiology Department at Avicenna Medical College & Hospital has advanced imaging facilities and a team of qualified and experienced faculty. The department provides 24-hour service to the hospital and also involves students in the learning process of diagnostic procedures.

DEPARTMENT OF PSYCHIATRY & BEHAVIOURAL SCIENCES

The infrastructure of the department includes ECT, EEG and ECG machines. MPS is also available. Departmental library has quality reference books on the subject to assist our students to learn the most modern and psychological techniques that are being used all over the world to counsel, treat and guide patients. Undergraduate students are given a firm base in the science of psychiatry through a teaching program that balances theory and clinical demonstration. The outpatient department receives patients from all walks of life, with problems that range from minor mental disturbances to major disorders. The department also has inpatient facilities with beds. Special care is taken for addiction cases and motivational counseling.

DEPARTMENT OF DERMATOLOGY

The study of skin and its problems require skill and sensitivity. Undergraduate students learn first-hand by seeing and diagnosing a wide variety of skin problems from all sections of society. You will have access to modern and scientific techniques, in line with the trends in medical education worldwide. The curriculum includes student presentation, interaction, feedback and workshops. The department has phototherapy, topical skin therapies, patch test, latest machinery/ equipment, educational charts & reference books.

DEPARTMENT OF MEDICAL EDUCATION

AVICENNA MEDICAL COLLEGE (DME)

The Department of Medical Education is undoubtedly the backbone of a medical institution. At Avicenna Medical and Dental College its importance and efficiency increased many folds due to the keen interest, guidance and encouragement by the chairman and the Principal. Goal of DME is to make and implement concrete policies to impart medical education to the students in a modern and professional manner. DME aims to produce sound professional knowledge and skill. A fine balance is carefully maintained, as per the concerned authorities' guidelines, while deciding the number of lectures, practicals, tutorials and assessments. Annual academic planners, weekly timetables, formulation of test schedules and entry and preservation of test results are a few basic responsibilities that DME carries out. DME also plays the role of a coordinator between the students, faculty, principal and the chairman. Workshops on different aspects of medical education are conducted to upgrade the teaching and assessment methodology. Coordination with other medical education regulatory authorities also falls under the domain of DME. Faculty and students are kept updated on the curriculum of different subjects prescribed by the UHS. Also, it is ensured that students and faculty are well informed regarding the latest editions of all the recommended text and reference books and that these books are available in the college library. Faculty members and students are encouraged to carry out research.

CAMPUS FACILITIES

The campus along with its 520 bedded hospital and accommodation facilities for students is situated in the heart of Bedian Road, DHA, Phase IX, covering a total area of 18 acres. Avicenna Medical and Dental College and Avicenna Hospital offer quality education to students and state of art facilities, all under one roof. Students get an opportunity to learn from leading medical academics while also enjoying on campus life including participation in extra-curricular activities, regular excursions and trips, and learning by being part of a diverse student cohort.

**LECTURE
THEATERS**

MESS & CAFE

**SPORTS
FACILITIES**

AUDITORIUM

ACCOMMODATION

LIBRARY

A large lecture theater with green seats arranged in a semi-circle. At the front, there is a wooden podium, a black chair, and two whiteboards on the wall.

LECTURE THEATERS

A total of six lecture theatres are available. Five lecture theatres with 150 seats for full class lectures and including two examination halls with 110 seats each. The College entails two large Examination halls and two OSPE halls (capacity of 26 students) for the smooth conduct of class tests and exams. Each lecture theatre is provided with 2 white boards (one on either side), its own multimedia, and overhead projector, flat screen computer with one hour backup (UPS), generator & internet connection. A sufficient number of air-conditioners & fans are installed in lecture/tutorial halls. The college has twenty tutorial rooms each designed for small group discussion & PBL Classes.

SPORTS FACILITIES & GYMNASIUM

We recognize sports as a pivotal key to shape and maintain students' personality and good health. The College has indoor and outdoor sports facilities to help enhance the cognition and capacity to learn. There is a proper sports section for various games like basketball, football, volleyball, and cricket. The gym itself is fully equipped with modern machinery both for students and faculty.

LIBRARY

The library at AMCH has a seating capacity to accommodate 250 students at one time. Additionally, it offers separate, quiet study places for boys and girls, internet access is available round the clock to all students to assist them in their study. Books and Medical Journals of various subjects are also available to students. The library has an E-Library section with state of the art facilities and a digital library. Departmental Libraries are separate to this with each respective department having their mini library to give the students an opportunity to learn during their features.

DIGITAL LIBRARY

The digital library of Avicenna Medical and Dental College aims to facilitate students in understanding the diverse specialities of medicine and dentistry by providing them access to comprehensive video lectures, journal articles, test banks and E-books. Students can access the digital library at any time and benefit from the content available on the digital library. The aim of the website is to complement the teachings of the classroom and to enable students to understand technical concepts at any time.

AUDITORIUM

The Auditorium has a capacity of 800 seats and is fully equipped with audio and visual facilities. It is designed to hold convocation ceremonies, stage plays and can also be utilized as a cinema for the entertainment of students.

ACCOMMODATION

Hostel facility is available on Campus for Girls and Boys. Both the hostels are totally segregated and separate with no connection at all. The girls hostel currently has a capacity of 300 students. The Boys Hostel has a capacity of 120 students. The hostels consist of a twin sharing room, three sharing rooms all with attached bathrooms. The hostel has its own dining room, TV Lounge, students Kitchen, guest room and the worden's room, Ayas are available round the clock to serve the students. Washing and ironing facility is available for a small payment. Both the hostels have dedicated electric and water supply Back-up generators supply electricity during Load Shedding Students are allowed to have a small sized refrigerator and an air cooler at extra charge of electricity expense which is monitored through individual room meters.

MESS & CAFE

The College has its own on-campus Mess which caters to 600 students. Students form the Mess committee which decides the mess menu in consultation with other students. The Mess offers fresh food to all residents three times a day. However, day scholars are also welcome to use the Mess facility at a reasonable cost. All food items including dairy, meat, and vegetables are sourced organically and bought in at the time of cooking, in order to ensure that students get freshly cooked meals at all times. Once a week on Sundays, students are also given a special breakfast with live halwa purl; a perfect way to enjoy the weekend. Two 50- inch LCD screens provide students an opportunity to get entertained during their meal times.

PEOPLE WHO MAKE IT HAPPEN

AVICENNA LEARNING MANAGEMENT SYSTEM

“WELCOME TO THE AMDC PORTAL: YOUR ACADEMIC COMPANION”

At Avicenna Medical & Dental College Lahore, we're dedicated to fostering a seamless and enriching learning experience for our students. Our innovative Learning Management System (LMS) app, the AMDC Portal, is designed to provide students with effortless access to a comprehensive range of academic resources and tools.

WITH THE AMDC PORTAL, STUDENTS CAN:

- Stay organized with daily timetables, block timetables, and test schedules
- Monitor their attendance records and track their assessment results
- Access a wealth of academic resources, including:
 - Syllabus and synopsis
 - Table of specifications (TOS)
 - Academic calendars
 - Marking schemes and datesheets
- Explore our extensive digital library, featuring a vast collection of resources to support their academic pursuits, accessible directly through the portal or via our digital library website:
<https://www.digital.avicennamch.com/>
- Stay informed about fee details, policies, and important notifications

By providing a centralized platform for all their academic needs, the AMDC Portal empowers students to take ownership of their learning journey. Our goal is to equip our students with the tools and resources they need to succeed, and we believe that the AMDC Portal will play a vital role in enhancing their academic experience.

Download the AMDC Portal app now from the Play Store and stay connected to your academic life:

HOME MEDICAL DENTAL NURSING ALLIED HEALTH SCIENCES

INTRODUCTION

Welcome To Avicenna's Digital Library

Avicenna digital library is a platform for medical and dental students to access key resources for continued learning and development. Our objective is to promote knowledge opportunities to academics and professionals in the field of medical science, which informs health care policies and creates sustained improvements in health outcomes. Through our online repository of high-quality lecture videos, peer reviewed journals, e-books, newsletters and test banks, students and medical professionals have the opportunity to get 24-hour support for enhancing their knowledge base in medical and dental education.

AVICENNA MEDICAL & DENTAL COLLEGE
ADMISSION
GUIDELINES
MBBS SESSION 2024-25

ADMISSION POLICY

MBBS SESSION 2024 / 25

AVICENNA MEDICAL & DENTAL COLLEGE

GENERAL

1. Admissions in MBBS at Avicenna Medical & Dental College are governed by **PMDC Medical and Dental Undergraduate Education (Admission, Curriculum and Conduct) Policy and Regulations 2023** notified 13th July, 2023.

ELIGIBILITY CRITERIA

2. Applicants should have at least 60% marks in FSc / A-Levels or equivalent qualification and at least 55% marks in MDCAT 2023 for MBBS. Foreign Students and Overseas Pakistanis may apply on having at least 550 marks in SAT-II or 50% marks in foreign MCAT or UCAT. (MDCAT 2023 candidates are not eligible to get admission in the session 2024).

MERIT CRITERIA

3. The calculation of merit for MBBS candidates shall be formulated with following components each carrying separate weightages as follows:

- a. Matric / O-Levels 10%
- b. FSc / A-Levels (Electives) 40%
- c. MDCAT 50%

WHEN TO APPLY

4. Admissions are open from 01st Oct, 2024 for MBBS. The candidates can apply online on UHS website www.uhs.edu.pk. The application portal for admissions shall be closed on 31st October, 2024.

DISPLAY OF MERIT LISTS

5. The merit list for MBBS shall be displayed on 11th January, 2025 and for MBBS on the University of Health Sciences website.

OFFER AND SUBMISSION OF FEES

6. The candidates in the merit lists shall be offered admissions as per the merit lists issued by the University of Health Sciences. Candidates in the merit list shall have 3 days to deposit the fees at College Campus in form of Demand Draft, Pay Order or Bankers Cheque.

SUBMISSION OF DOCUMENTS

7. At the time of admission. The candidate shall be asked to submit the original results / certificates of Matric/O-Levels, FSc/A-Levels and Domicile. 03 sets of copies of following documents shall be required:

- a. 08 Photographs
- b. CNIC (student and parent/guardian)
- c. Passport / Visa (Foreign Students Only)
- d. Domicile
- e. MDCAT Result
- f. Matric / O-Level Result / Certificate (ORIGINAL Attested by IBCC)
- g. FSc / A-Levels Result / Certificate (ORIGINAL Attested by IBCC)
- h. Migration Certificate for Board (for shifting to University of Health Sciences if HSSC qualification is not from Punjab)

8. The original documents shall be returned after the registration by PMDC / UHS after admission or on refund/ cancellation of admission. Candidates with FSc from outside Punjab shall provide their original migration certificate from their Intermediate Board for onward submission to the University of Health Sciences.

FEE STRUCTURE

9. The fee structure shall be fixed for the whole 5 year MBBS program. Following are the fee structures:

Specimen Fee Structure of MBBS

FIXED FEE & Charges	Year 1	Year 2	Year 3	Year 4	Year 5

AVICENNA MEDICAL COLLEGE
PHASE-IX DHA, BEDIAN ROAD, LAHORE
PH: 042-111-000-262
NTN: 3375372-5

CANCELLATION OF ADMISSION / REFUND OF FEES

11. A candidate after securing admission may apply for cancellation of admission and refund of fees as per PMDC Admission Regulations 2023 Section 9(7). A candidate seeking refund shall submit a written application at the college admissions office. The application shall be processed in 10 days after the submission. Following is the criteria and schedule of refund of fees:

Time of Refund	Deduction
Before last date specified by UHS	No Deduction
After last date specified by UHS (As per PMDC Regulations)	■ Admission Fees ■ Plus pro rata monthly tuition fees and miscellaneous Fees ■ Plus penalty 10% of total annual fees

UPGRADATION

12. The candidates who secure admission at Avicenna Medical & Dental College shall submit an undertaking at college admissions office whether they want to get upgraded in the next list or not. Upgradation shall be as per lists of UHS and the College has no control over the upgradation process.

13. In case a candidate is upgraded, the Avicenna Medical & Dental College shall transfer full fee to the next college and the candidate may give the joining in the next college immediately. Similarly, if a student is upgraded to Avicenna Medical & Dental College from another college, the student shall give joining in writing within the due date and his / her fee shall be received from the other college which the student upgraded from. Failure to give joining within the due date shall result in cancellation of admission and the student shall be entitled for a full refund upon receipt of fees from the other college.

CLOSURE OF ADMISSIONS

14. The admissions for MBBS shall close on 31st January 2025.

COMMENCEMENT OF CLASSES

15. The classes for MBBS shall commence from first week of February 2025 as to be specified by the University of Health Sciences.

STUDENT REGISTRATION

16. The students shall be entered on PMDC College portal at the time of their admission. The name of the student will not be removed from the portal after the last date of admission despite the application for refund.

CONTINUOUS PROFESSIONAL DEVELOPMENT UK

LAHORE

DEVELOPING POLISHED HEALTH PROFESSIONALS

LAHORE

BSE X AMDC&H

Avicenna Medical & Dental College & Hospital has established itself as a leading medical and dental college. Our students undergo rigorous academic training as illustrated in our historical KPIs (passing rates, time to graduation, placements). We pride ourselves on the fact that our students also receive comprehensive exposure in the clinical setting to gain requisite clinical knowledge. Recognizing the shifts currently taking place in the medical profession, we are adding to our vision of producing competent doctors with the characteristics of a “seven-star” doctor. To excel, the core characteristics and competencies required of a medical and dental graduate to be a “seven-star” medical doctor have increased and require them to be skill full, well-read, articulate, a critical thinker who is able to disrupt and further professional frontiers, and at the same time lead and serve as a role model for others. Medical graduates in Pakistan must possess these characteristics so that they can become polished professionals with all-round knowledge that is on par with international standards.

OVERVIEW

In this vein, we are proud to share that Avicenna Medical and Dental College has partnered with the British School of Excellence (AMDC&H x BSE), the world's leading etiquette training provider certified with four accreditations including Institute of Leadership and Management (ILM), Continuous Professional Development Office (CPD), Provider of Training Excellence and City and Guilds. With the AMDC&H x BSE partnership, we aim to provide our students with a comprehensive tool kit that enables them to invest in themselves, gain confidence, become professionals, and effectively change their lives so that they become the best version of themselves. With the belief that soft skills are now the hard skills that are required by every individual in the health care industry, we have collaborated with leading global experts to design training sessions that enable our medical and dental students to become the best version of themselves. Each of the modules we offer as part of the medical curriculum are accredited by CPD, reflecting the utmost quality standards of coaching and training that is given to our students. We believe these certifications to be an important component of our students' profile, giving them an edge in the increasingly competitive job-market.

OVERVIEW

Avicenna Medical & Dental College & Hospital is investing and inculcating professionalism in our students which encompasses a wide range of skills that students must gain during their academic journey with us. Through our training program, we aim to inculcate professional skills in our students that are critical to healthcare practitioners and enable them to perform as a doctor effectively and efficiently in Pakistan and abroad. At Avicenna, we continuously strive to work in line with our organization's mission which is 'educate and produce competent, research oriented healthcare professionals with professional commitment and passion for life-long learning from a group of motivated students through quality education, research and service delivery for the improvement of health status of the general population'. We believe that the partnership with the British School of Excellence will enable us to deliver excellence in training for our students. It will equip our students with the right tools to compete with polished professionals in health care across the globe.

OVERVIEW

COMMUNITY IMPACT

One of the key goals of Avicenna Medical & Dental College and Hospital is our passion to give back to our community. To fulfil this objective, our students and faculty engage in multiple activities round the year. First, To foster community development, Avicenna conducts regular health camps in approximately 80 villages each month to address the health needs and problems of the community. Our students, house officers along with our senior staff visit each village and attend to the patient's medical and dental concerns and ensure that these are met. Besides this, we conduct regular community visits for our students to NGOs and care homes to inculcate a sense of community values in them.

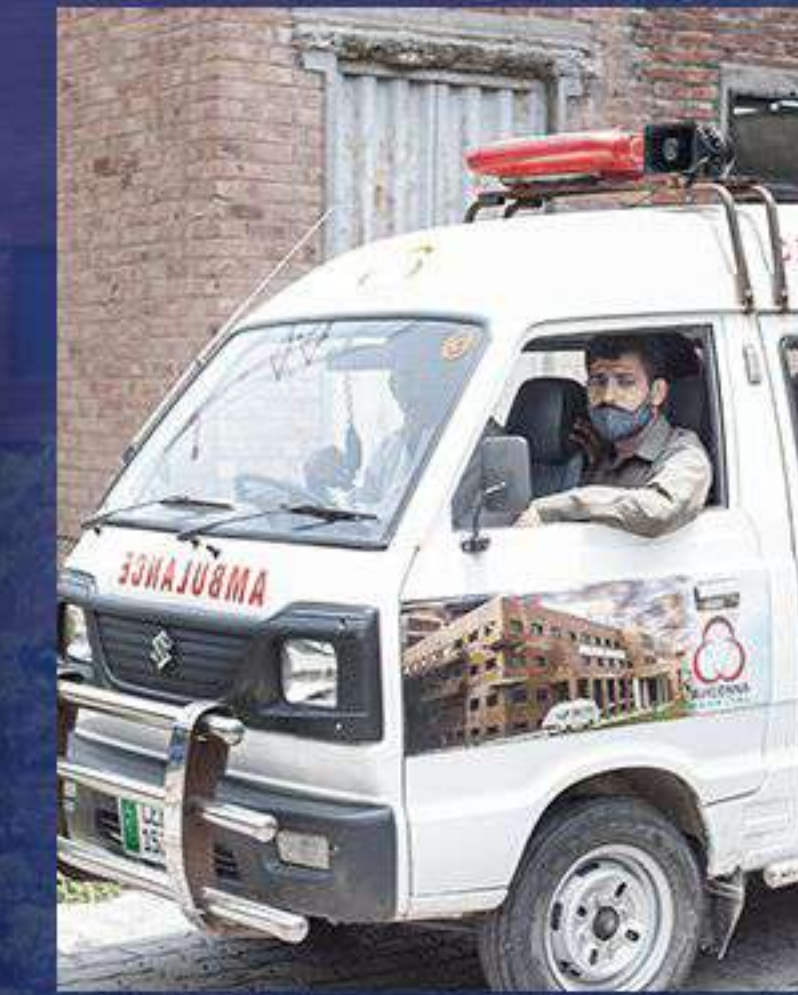

We have conducted several specialised camps in various villages, factories and organizations to provide free consultation and medicines to those in need. Moreover, our camps encourage citizens to talk more openly about their healthcare issues and report back to the hospital to get quality treatment and care and affordable rates.

Our medical and dental camps are just one way we contribute towards community healthcare. Besides, we provide subsidized and also free health care to those who cannot afford to have access to it. For this, Avicenna Hospital offers patients to avail discounted or free treatment under the category of Zakat or Sadaqah. This enables us as an organization to contribute towards the healthcare of those at the bottom of the pyramid. Avicenna Hospital has also been approved and recognized as an A grade hospital for Sehat Sahulat Program of the Government of Punjab. Under this program, citizens of Pakistan can avail free treatment using their Sehat card, thus providing them with the opportunity to access good quality healthcare.

AVICENNA MEDICAL CAMPS

Avicenna Medical Camps are an integral part of our students' learning journey, designed to combine practice with purpose. Conducted by students from the Post Graduate Departments of Medicine, Surgery, OBGYN, Paediatrics, and Orthopedics, these thrice-weekly visits not only sharpen clinical skills but also nurture compassion, service, and community care.

OUR ACHIEVEMENTS
