

## Avicenna Medical & Dental College, Lahore

### Avicenna Faculty Research Initiative Fund (AFRIF)

Avicenna Medical & Dental College is pleased to announce the launch of the Faculty Research Initiative Fund, aimed at supporting high-impact research in highly accredited PMDC-recognized international and national journals by faculty members across medical and dental disciplines.

#### Research Award Amount:

#### Disbursement Structure:

- 50% upon initiation of the approved research project by Research Committee
- 50% upon successful completion and publication of the Research Committee

#### Proposal Submission Requirements:

Each proposal must include:

- A clear research abstract
- A comprehensive budget breakdown detailing how the funds will be utilized
- Justification for the research's academic, clinical, or societal value

**Selection Criteria:** Proposals will be evaluated based on:

- Originality and relevance
- Feasibility and methodology
- Potential for publication and contribution to the field

**Award Process:** Shortlisted faculty will present their proposals to the Research Committee.

The winning proposal will receive full funding, disbursed in two phases as outlined above.

**Note:** Only proposals demonstrating significant academic merit and clear contribution to academic and clinical research will be considered for funding. For submission guidelines and presentation dates, please contact the Research Cell Director at:

## Student Research Grant Program

Avicenna Medical & Dental College is pleased to announce the launch of the **Student Research Grant Program**, aimed at encouraging academic inquiry, innovation, and scholarly engagement among students across all disciplines. Under this initiative, a research grant will be awarded to support student-led research projects in a competitive grant scheme.

### Grant Allocation Structure:

- MBBS Program: 5 Grants
- BDS Program: 4 Grants
- BSN Nursing: 1 Grant
- Doctor of Physical Therapy (DPT): 1 grant

This program reflects the College's commitment to fostering a research-oriented academic environment and empowering students to contribute meaningfully to the medical and dental sciences.

For eligibility criteria, application guidelines, and approval procedures, students are requested to contact the Research Committee.
